

## TFX 410 Core Thermometer (with fixed probe)

### Technical Data

<b>Measuring range</b>	-50 to +300 °C
<b>Accuracy</b>	± 0.3 °C
<b>Resolution</b>	0.1 °C
<b>Sensor</b>	Pt 1000 (several types of probes available)
<b>Operating temperature</b>	-25 to +50 °C
<b>Storage temperature</b>	-30 to +70 °C
<b>Battery</b>	3,0 V Lithium, changeable
<b>Battery life</b>	approx. 5 years
<b>Dimensions</b>	54 x 22 x 109mm without probe
<b>Housing material</b>	ABS
<b>Weight</b>	approx. 90 g
<b>Protection class</b>	IP 67
<b>Measuring rate</b>	1s
<b>Certificate</b>	3 point factory calibration

### Attributes

- Clearly arranged large display
- Robust and impact resistant
- High accuracy
- Waterproof
- Dishwasher resistant
- Changeable battery
- Battery life approx. 5 years
- Factory calibration certificate
- Fixed probe TPX 410, pointed , 60cm silicone cable
